The Beauty of Cooking

The OBRO Invisible Induction Hob combines advanced cooking technology with a clean, seamless countertop design. Hidden beneath the worktop, it transforms the surface into a practical cooking area while preserving a modern and minimalist appearance.

With its modular cooking system and precise heating control, users can customise the number of cooking zones and enjoy finer control over every stage of cooking. It is a flexible, elegant, and intelligent solution designed for today's modern kitchen.

Your Kitchen,
Your Way

SOLISTA

Modular Solutions

Combine individual single-zone units to create a one-, two-, or three-zone cooking system. This provides greater flexibility to customise the number, position, and layout of the cooking zones according to the kitchen space and cooking needs.

Precise Heating Control

Half-step power settings, such as 1, 1.5, 2, and 2.5, provide finer heat adjustment than conventional 1–9 controls. This delivers smoother temperature changes, better cooking accuracy, and more consistent results—especially when simmering, melting, or preparing delicate dishes.
